CUSTOM HOME COLLECTION

Sometimes only a classic home will do for that growing family. When you need to get a lot of living in an economical space, the two story colonial comes to mind. Offering plenty of family space on the first floor, including that versatile space that can be used for a den, home office, playroom or even modified for a bedroom, this home grows with your family.

Four bedrooms and two baths on the second floor, (yes, we did say 4 bedrooms), make this home just right for that busy family of yours. At last, a room for everyone.

So pack up the whole family, kids, dogs, birds and anyone else who will fit—and move right in, we want you to feel...*Home at Last.*
