CUSTOM HOME COLLECTION

Sometimes you just need a house that has easy access to the powder room and laundry area. Maybe you're a farm family, or have little ones running in and out, or maybe you have a "do-it-yourselfer" in the family who isn't always the neatest person in the world. That's why we have designed this home to have a quick back door access to not only the powder and laundry rooms, but the stairs to the lower level as well. Just imagine the possibilities when you finish that space! We can see an at-home hobby fitting nicely into this home. Could that be for you? We hope so.

If not, just enjoy the spacious great room and kitchen area, with oversized eat-in bar, open access to the lower level and the backyard. Hmm... that means easy living and great entertaining are at your disposal. Are there some parties in your future? Perhaps a backyard bar-b-que?

This could be the start of something good. Since we've also given you three bedrooms and that extra bath, you should fit nicely into this neighborhood—even if your neighborhood is out in the country. You should have everything you need to start a new life with a new house and a new neighborhood—a great step towards being....*Home at Last.*
