CUSTOM HOME COLLECTION

We are pretty sure that just about every neighborhood has a few families who are eager to have a home with split bedrooms—it could be those teenagers who “need their own space,” or having room for guests to visit without disturbing the master suite. Look no further—this is the home for you. And you can all meet in the middle!

The entry foyer creates a private space to welcome guests, while the open kitchen, dining and great room concept allows you to mix it up just as you please. The best of both worlds is waiting for you. We have even planned for a private porch area—or leave it open and make a courtyard patio out of the space. The possibilities seem endless when you know you have an entire lower level just waiting to be designed.

When the home you dreamed of is right in front of you, then you know you are... *Home at Last.*
